New

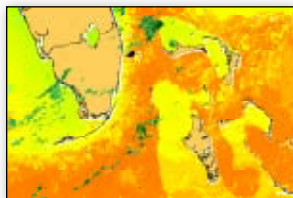

▲ C-Series

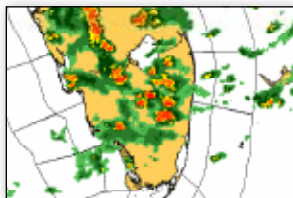

◀ E-Series

With Raymarine and SIRIUS Marine Weather you can enjoy the comfort and peace of mind of having the latest weather forecasts at your fingertips. Through a partnership with WSI, the industry leader in weather forecasting and data products, SIRIUS Marine Weather provides high quality and comprehensive weather information, delivered right to your vessel. The powerful user interface of Raymarine multifunction navigation displays enables captains to view and animate weather forecasts in a full screen or within a window alongside radar, chartplotter and fishfinder functions.

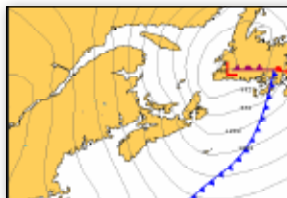

ANGLERS ADVANTAGE

Satellite sea surface temperature observations for fishermen

WEATHER RADAR

Animated WSI NowRad® weather radar forecasts

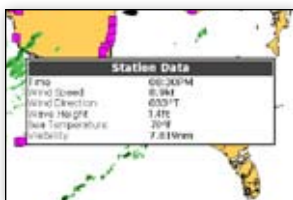

SURFACE PRESSURE

Animated pressure contours and frontal boundaries

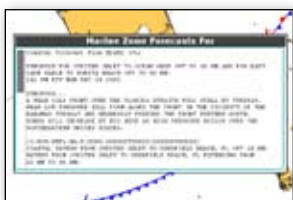

WIND FORECASTS

Animated wind forecasts using wind barbs or arrows

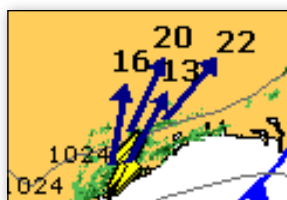

BUOY REPORTS

Weather buoy and weather station icons provide surface observation reports

MARINE WARNINGS

Forecasts at your vessel or cursor position include Marine Zone Forecasts, Tropical Statements, Marine Warnings and Watchbox Warnings

STORM CAST

Graphical indicators that predict the speed and intensity of an approaching storm cells

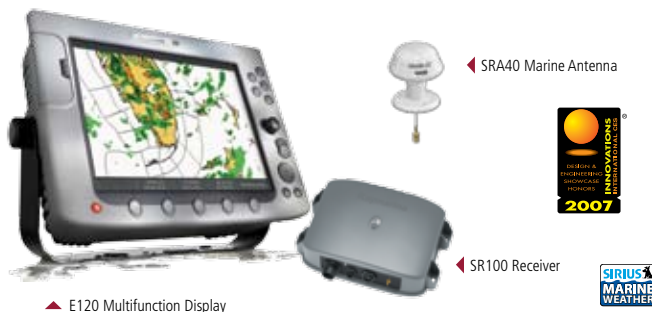

COVERAGE

48 contiguous states, most of Canada, Mexico extending hundreds of miles into the Atlantic and Pacific Oceans, the Gulf of Mexico, and Caribbean
